

Christine Pope
Licensed Acupuncturist

Christine graduated with a master's degree from Jung Tao School of Classical Chinese Medicine.

"My goal is to help you achieve optimum health and wellness. Through working with my patients, I have seen the impressive results that acupuncture and Chinese medicine can have."

Christine has been trained not only in acupuncture, but in a wide array of Chinese medicine modalities.

She is licensed by the state and recognized by the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM).

Is Acupuncture Safe?

Modern research has shown that acupuncture is a safe, effective, chemical-free way to promote the body's remarkable self-healing abilities. As required by law, pre-sterilized, disposable, single-use needles are used to ensure your complete safety.
